

ELITE

PRECAST CONCRETE

Creating safer spaces with **Kentledge Blocks**

Applications

- Fencing
- Hoarding
- Scaffolding
- Temporary works
- No dig security systems
- Maritime fabrications
- Off-shore wind turbines
- Wind farms
- Ports and docks

Benefits

- 100% recyclable
- Reusable
- Resalable
- High strength (50N/mm²) concrete
- Available within days of ordering
- Simple to use
- Robust and durable
- Class A1 Fire Resistant

Kentledge Blocks

Precast concrete Kentledge blocks, also known as Kelly blocks are used to act as ballast or counterweights for fencing, hoarding, scaffolding or for various temporary works.

By using precast concrete kentledge blocks for above ground or no dig fencing and hoarding systems avoids the risk of costly service strikes.

Recognising your need for security, Kentledge blocks can be attached to wire ropes that are fixed to the structure to provide greater stability.

Being 100% recyclable, reusable and resalable makes Kentledge blocks a cost effective, smart solution.

Type	Code	Weight	Length	Width	Height
Marquee	KM1000	1100kg	1000mm	750mm	750mm
