

ELITE
PRECAST CONCRETE

Creating secure drainage with **Seating Rings/ Adjusting Units**

- Designed to sit on top of the manhole cover slab
- Quick and easy to install, reducing time and on-site labour costs
- 65mm thick - similar to brickwork
- Eliminates laying engineering bricks on-site, reducing reliance on brick availability and cost increases
- Eliminated brickwork vertical joint weakspots
- Offers fewer joints which reduces the likelihood of infiltration
- Reduced risk of on-site damage and pilferage
- Quality product
- Comprehensive strength, similar to Class B.Eng bricks
- Made to BS5911
